CYBER COPS PROVIDE 360 SECURITY FROM DETECTION TO PREVENTION TILL REMEDIATION

INTRODUCTION TO
CYBER COPS

Cyber Cops is a leading provider of comprehensive cybersecurity and compliance assessment/auditing solutions, with a presence in the USA, India, and the Middle East. We are dedicated to helping businesses protect their critical assets, data, and infrastructure. By leveraging our expertise, advanced technology, and industry best practices, we assist organizations in managing IT infrastructure cyber risks, ensuring regulatory compliance, and fostering a secure digital environment. Our mission is to improve security posture, compliance, and resilience to cyber-attacks.

SOC (SECURITY OPERATION CENTER)
AS A SERVICE

Our SOC-as-a-Service provides a comprehensive security solution essential for data-driven companies, offering 24/7 monitoring of internal assets, endpoints, and cloud applications. It centralizes log data in a SIEM solution to detect and analyze potential threats. In case of anomalies or breaches, alerts are sent to SOC analysts who perform triage and provide detailed incident information, recommendations, and next steps for resolution.t

OUR VISION

Cyber Cops offers comprehensive third-party cybersecurity and compliance assessments with a dedicated Security Operation Center (SOC). Our seasoned experts provide tailored solutions to safeguard data, ensure compliance, and build resilience against cyber risks. We help organizations navigate digital threats and regulatory requirements, enhancing their security posture in an interconnected and regulated world.

CAREER OPPORTUNITIES

- Cyber Security Analyst
- Network Security Analyst
- Incident Responder
- Security Engineer
- IT Infrastructure Security Engineer
- Cyber Risk Prevention and Remediation Expert

Cyber Cops: Cyber Security, Compliance Auditor & IT Security Consultant

Cyber Cops, under the stewardship of Tarun Malhotra the Founder of Cyber Cops, has emerged as a leader in cyber security and compliance consultancy. Since its establishment, the firm has set a benchmark in the industry, aiding multiple clients in the USA, Middle East, and India to combat digital threats effectively.

Cyber Cop's range of services, encompassing everything from Cyber Security risk assessments and compliance audits (Data Protection/Privacy, SOC2, HIPAA, GDPR, VAPT, ISO 27001) to IT infrastructure protection, positions Cyber Cops as a comprehensive solution provider in the cyber security domain. Their proactive approach to educating and training individuals and organisations on cyber threats and best practices has been pivotal in cultivating a secure digital culture.

Malhotra, has leveraged his extensive experience to guide the company into becoming a stronghold of digital safety. "Our mission is to navigate the digital landscape with our clients, ensuring a cyber-secure, regulatory-compliant, and resilient environment," he asserts. This mission is evident in the brand's notable achievements, including its leadership in cybersecurity and successful outcomes in enhancing organizations' security postures.

Cyber Cops, under Malhotra's leadership, has also actively participated as trainers and speakers in various high-profile cybersecurity events worldwide. This underscores their commitment to creating a cyber-resilient business environment and achieving a safer digital world for everyone.

Entrepreneurship is in the DNA of Punjabis: Mann

TIMES NEWS NETWORK

Chandigarh: Taking pride in the state's youth capability of turning any venture into profitability with their innate spirit to take risks, Punjab chief minister Bhagwant Mann said entrepreneurship is in the DNA of Punjabis.

During his keynote address at the 9th edition of TiECON Chandigarh 2024 themed 'Building Global Thrust' on Saturday, the CM, while assuring his full support, encouraged youth to support the state govt in making Punjab the most preferred destination for investment and new startups. The CM also sought youth's help in making Mohali the 'Silicon Valley of India'.

CM Bhagwant Mann, along with others, releases a booklet 'Startup Punjab Eco System 2.0'
